13. Requests for official foreign safehaven in Cairo and alternate and official foreign safe haven locations in Pretoria being sent septels.

14. Post requests Department guidance regarding the most efficient process for approving short annual leave travel out of Sudan for essential staff. Some of these staff members have had put off their R&R travel due to demands following the ICC announcement and expulsion of 13 NGOs. It is important that essential staff get breaks to allow for those who stay behind to address demands here.
